Alternatively, if you wish to support the legal compliance of soundness of the Local Plan, please also use this box to set out your comments.

1. 'Increasing levels of traffic congestion impacting on the local economy and consequent threat of poor air quality' are recognised as a threat (page 49). The need for improved air quality is also recognised in SP12 as is the monitoring of same (page 105). There is no reference in SP 34 or in the monitoring section (part 4) as to how the impact of development or measures to ameliorate problems in air quality management areas and the A38 corridor will be judged or improved.

**5. Please set out what change(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified where this relates to soundness.** You will need to say why this change will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

In order to correct policy deficiencies the following amendments are required

- After 'water' insert 'air' on the second line of the first bullet point in SP34
- Include a measurable air quality indicator and target in the monitoring section of the plan for air quality management areas and other areas known to have higher than average poor air quality. (See also comment on SP28)

**Please note** your representation should cover succinctly all the information necessary to support/justify the representation and the suggested change, as there will not normally be a subsequent opportunity to make further representations prior to Submission.

**After this stage, further submissions will be only at the request of the planning inspector, based on the matters and issues he/she identifies at the examination.**

6. **If your representation is seeking change, do you consider it necessary to speak at the examination in public?**

a. **No, I do not wish to participate in the examination**

b. **Yes, I wish to participate in the examination**

7. If you wish to speak at the examination in public, please outline why you consider this to be necessary. Please note the planning inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in the examination.
